Radia Mini Solar Portable Light

By Zafferano America

Description

Stylish and functional, the Radia Mini Solar Portable Light is the perfect addition to a patio or garden. An integrated solar panel along the top charges the fixture, with a daylight sensor that allows the light to automatically turn on from dusk until dawn. This portable light takes 6 to 8 hours to charge and runs for 16 to 18 hours. Use the stake accessory, sold separately, to mount the fixture as a bollard.

Shown in anthracite
