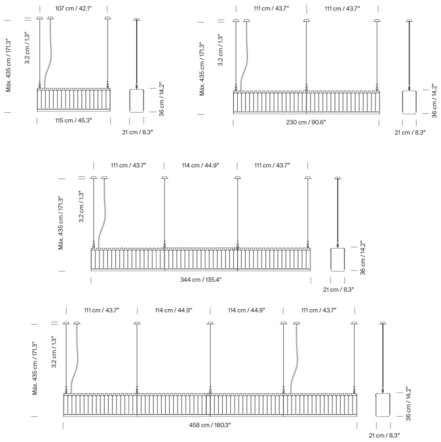
Linea Estadio Linear Suspension

By Santa & Cole

Description

Spanish designer Miguel Mila originally conceived the Estadio series of lights for the 1992 Olympic Games in Barcelona. The Linear Estadio Linear Suspension is the linear member of the Estadio family, featuring an arrangement of elegant sparkling glass blocks held within a tubular metal structure. The fixture disperses light through vertical rays and shadows created by the textured glass.Note: Due to the weight of this fixture, additional ceiling support is required. The fixture must be mounted or supported independently of a junction box.Note: The 180.3 inch length requires two electrical connections.

Shown in black / clear



Specifications

COLOR	Clear
BODY FINISH	Black
WATTAGE	1500W
DIMMER	Standard 120V
DIMENSIONS	180.3"L x 8.3"W x 14.2"H
BULB NOT INCLUDED	20 x A19/Medium (E26)/75W/120V Incandescent
OTHER BULB OPTIONS	20 x A19/Medium (E26)/12W/120V LED
