Tioga Chandelier

By Quorum

Description

The Tioga chandelier sports a conical shape with creative elegant undertones. This Mid-Century Modern inspired design is embodied by linear framing and angular accents, while also asserting a unique abstract peculiarity thanks to frosted glass trapezoid shades. With a sleek appeal that is rooted in minimalist design, this luxury luminary exudes a nostalgic essence thanks to its geometric framing and Aged Brass-Noir finish combination. The outward extension of the light sockets creates a sense of free-floating illumination. Almost as if the light sources are orbiting the interior ring of the frame. The Tioga Series is suspended from a combination chain and stem mounting system, with the potential of adjustability for either.

Shown in textured black / aged brass / clear
