

BRAND Castor Design

DESCRIPTION

Tank 7 Multi Pendant is offered as a pre-configured cluster. Each cluster is a grouping of pendant lights made from re-purposed fire extinguisher tanks. Lights are finished with high gloss automotive paint in a range of colors selected by manufacturer, all with a white painted interior. Each cluster is suspended from a round canopy finished with Silver powdercoating. The lights are made from recycled reclaimed materials, so their exact size and shape can vary. The image is a representation of the basic form, but does not represent the actual fixture. Seven 4.5 watt 120 volt 2700K, 310 lumens candelabra base LED bulbs are included. Canopy: 9.5 inch diameter x 1 inch height and includes six 4 inch diameter fixtures and one 5 inch diameter fixture ranging in height from 5 to 10 inches selected by the manufacturer.
