

Kable Lite Insulated Cable

Description:

Kable lite Insulated cable is 10 gauge tin plated copper cable with kevlar core and sheathed in clear. Use insulated cable where required by local codes and in coastal areas where salty air might corrode bare cables. Rated for 300 watts at 12 volts and 600 watts at 24 volts. Load: 300 watt maximum at 12 volts to 30 feet before voltage drop occurs and 600 watt maximum at 24 volts to 60 feet before voltage drop occurs. Sold per foot.
