

BRAND Visual Comfort Modern

DESCRIPTION

A dual feed canopy is mounted to a wall or ceiling adjacent to the kable lite run. It can be used anywhere in the run. It brings power to the kable lite run from a remote dual feed transformer (sold separately). Special 2 inch square junction box included. The low-voltage leads from the remote transformer are connected to the canopy leads inside the electrical box and the canopy mounts to the electrical box. The two leads from the canopy are 24 inches long and can be cut and bent in the field. To drop the kablelite system further down from the ceiling, add two pair of hardwire feeds (sold separately). Finish available in Chrome, Satin Nickel, Black or White. Black and White finish options have Chrome feeds. ETL listed. 2.5W x 24H x 2.5L.
