

Monorail 600W Dual Feed Surface Magnetic Transformer 12V

Designer: Gregory Kay

Description:

The Monorail 600 Watt Dual Feed (2X300W) Magnetic Surface Mount Transformer converts standard 120 volt line voltage to 12 volts to provide the necessary voltage for powering a Monorail low-voltage lighting system. Transformer mounts to a standard 4 inch ceiling junction box with round plaster ring (provided by electrician). Isolating connectors included to isolate power 2X300 watts. Dimming coil included. Finish available in Satin Nickel, Antique Bronze, Black or White. Black and White finishes have Satin Nickel feeds. The shortest rigid standoff that can be used with this surface transformer is the 5 inch rigid standoff, sold separately. If dropping the rail more than 5 inches below the ceiling, order the desired rigid standoff length and two compatible power extenders. ETL listed. 9.1 inch diameter x 5.8 inch height.
