

BRAND Lightology Collection

DESCRIPTION

The shape of the Blom table lamp relies on the subtle interaction between its leaf-like parts, the way a flower is formed by its petals. Its design is inspired by the process of growth, which underlies the emergence of shapes in nature. Traces of this approach can even be found in the striking grain pattern on the legs. A cloth covered cord provides a splash of color and a hint of nostalgia. The modernist design of the Rompitratte in line switch is by legendary Italian designer Achille Castiglioni. Shade made of white high density polyethylene. Available in Dark wood with Red cord or Light wood with Teal cord. One 40 watt, 120 volt A19/ Medium base Incandescent bulb is required, but not included. Dimensions: 11 inch width x 14 inch height. Some assembly required.
