DESCRIPTION

The inspiration behind Perf Table Lamp comes from far away in time and space, creating a lamp which takes you by surprise with its personality: a domestic totem, a friend to follow us all around the home, a fascinating code of luminous openings to be deciphered. The starting point was the concept of perforated lamps as in the North African tradition, but designed with a contemporary flavor, while being technological and innovative. All metal, light and easy to carry, Perf stands out at first sight with its perforated diffuser in its heavily pronounced shape, bringing to mind the visor of a suit of armor or even an animal's beak. These holes trace out a design flickering from regular to irregular, allowing the light passing through to create a hazy magical appearance, almost hypnotic in effect. Available in Aluminum, Black, and Brown. One 60 watt, 120 volt G16.5 type Candelabra base incandescent bulb is required, but not included. UL listed. 11.38 inch width x 22.25 inch height x 16.25 inch depth.
