DESCRIPTION

Tool Table Lamp in Black lights up the rough vintage environment of factories and workshops, with shapes and materials derived from the pull of technology in its raw state. This lamp has been designed with a single colored polyurethane body, its form reminiscent of a foundry mold or a piece of engineering straight from the lathe. With rough concrete base and support obtained from a black-painted steel stem, light emitted is focused and direct, a true lighting tool, just as the name says, lampshade is adjustable on the vertical axis. One 20 watt, 120 volt MR16 type GU10 base halogen bulb is required, but not included. UL listed. 11.5 inch width x 23 inch height.

SHADE COLOR	Black
BODY FINISH	N/A
WATTAGE	20W
DIMMER	Standard 120V
DIMENSIONS	11.56"W x 22.88"H
