Besa Lighting

**DESCRIPTION**

Elana Bath Bar has a clean contemporary look, with a radiused open top Satin White glass diffuser. Our Satin White glass is clear pressed glass that has been etched to diffuse the light, resulting in a semi-translucent appearance. Unlit, it appears as simply an un-textured surface like satin, but when lit the glass has a calming glow. Finish in Chrome or Satin Nickel. Available in a 26, 38, and 50 inch width as well as incandescent or fluorescent lamping options. Incandescent requires 120 volt A19 medium base incandescent lamps, not included. Fluorescent option requires T5 linear fluorescent lamps, not included. UL listed. Suitable for indoor damp locations. 26 Inch: 26.5 inch width x 6.25 inch height x 4.6 inch depth. 38 Inch: 38 inch width x 6.25 inch height x 4.6 inch depth. 50 Inch: 50 inch width x 6.25 inch height x 4.6 inch depth.
