

BRAND Lightolier by Signify

DESCRIPTION

The Radius Track 9155 Combination L or In-line feed connector is pre-wired and adjusts to create a 90 degree or straight track pattern. Power may be fed into the connector or it may be used to power continuation without a feed. Available in Matte White or Matte Black finish. The connector accepts a standard 3/8 trade size electrical fitting for power feed. The connector is polarized and pre-wired. The jumper wires may be removed if needed. A straight plastic cover is supplied to create an in-line connector. UL listed.
