

### BRAND

Raise Lighting

### DESCRIPTION

D & D LED Pendant features a vertically suspended light rod made of Chrome with a horizontally floating White satin glass flat disc. The rod serves as both heat sink and counterweight making it height adjustable. An LED with a small 45 degree reflector is integrated into it. The glass disc which always remains horizontal reflects and disperses the light as long as it is underneath the rod. When the disc is placed on the same level or above the rod the light turns into a directed spotlight. Includes one 14 watt 2700K color temperature LED with approximately 800 lumens. Includes 350mA LED non-dimmable power supply. Dimensions: 15 inch diameter x 101.6 inch maximum overall height. 1.1 inch diameter x 11.8 inch height rod.
