DESCRIPTION

Ledra Ice is a decorative round recessed accent fixture. The exposed surface of Ice is made of satined acrylic glass in Red, Amber or Blue which is completely illuminated with LEDs through its optimum reflection capabilities. When off Ledra Ice will appear to be white/frosted. The color appears when the LEDs are illuminated. It has a frameless design which suits any architectural style. Applications include corridors, hallways, stairwells, hotel lobbies, restaurants, residential and anywhere where indirect light accent lighting is needed. Includes one 2 watt White 4000K LED, junction box, and 500mA DC constant current output LED driver. 100-240V AC, 50/60Hz input. Not thru-wire rated. Features thermal, short circuit, and overload protection. ETL listed for dry locations. ADA Compliant. Dimensions: 3.1 inch round x 3.9 inch depth. 2.25 inch hole cutout with required material thickness of 3/16 to 1 1/6 inch. Includes 3 year warranty.
