Moonlighter Exterior Suspension

By Auroralight

Description

Moonlighter exterior suspension features a metal diffuser and frosted glass lens, ideal for soft lighting in outdoor settings. The glass lens finishes with a metal bottom shaped to complement the two-layer shallow sloping shade. A brass barrel-shape shade holder finishes at the top with a ring, from which the fixture hangs by wire. Exterior body available in copper or satin nickel finish. Underside finish options are painted white powder coat or copper (for a warmer lighting effect). One 20 Watt 12 Volt halogen Bipin lamp, not included. 5 and 10 Watt lamping also available. Xenon lamping option available. 12 Volt remote transformer required, not included. General light distribution. UL listed for wet locations. Fixture is 10 inches wide x 6 inches high.
