

**BRAND**

Bartco Lighting Co.

**DESCRIPTION**

Slide by Side 32W staggered double width strip lighting features a pair of fluorescent lamps housed side by side, one offset from the other, in a low profile galvanized steel linear structure. After adjusting its length, the sliding side locks in place with an easy to use screw mechanism. High reflectance white powder-coated finish. Can also be ordered in custom finishes. Available options include a plastic tube guard, symmetrical reflector or asymmetrical reflector. Also comes in 17 Watt or 25 Watt models. In-line electronic ballast included. Optional emergency ballast and dimming ballast are available. General light distribution. UL listed. 48-5/8 inches minimum length. Extends up to 70-7/8 inches long. 2 -7/16 inches high x 2-3/4 inches deep. Two 32 Watt 120 Volt T8 fluorescent Bi-pin lamps not included. General light distribution. Made in USA.
