

BRAND Sensor Switch

DESCRIPTION

WSD Passive Infrared Sensor is stylish, easy to install, and simple to use wall switch style sensor. It is ideal for private offices, copy rooms, closets, or any small enclosed space without obstructions. A user programable time delay ensures that once the room is vacated the sensor will time out and turn off the lights. Additionally the WSD sensor has several On Modes and Switch Modes that can be programmed using the front push button. For rooms with obstructions the Dual Technology WSD PDT Series sensor is recommended. Small motion detection up to 20 feet. No minimum load. Finish available in grey, almond, ivory, black or white. Available options include: vandal-resistant models, with or without switch, photocell/daylight override. 5 year manufacturer warranty. UL and cUL Listed. Made in USA.
