Lilith Pendant

By Leucos

Description

Lilith is a versatile collection with a stunning light effect created by threading thin string in a consistent pattern across the shade. As you move around the classic shaped shade, the light pattern shimmers and changes as you engage it from different viewpoints. The result is a dynamic diffused light for your space that is at once traditional but also contemporary. Includes a frosted shield at the bottom to diffuse light. Available in Mocha, Silver or White. ETL Listed.
