Description:

UPL Pro-LED undercabinet series features an integral electronic driver operates LED's for maintenance free 50,000 hour life using 1/8 the energy and virtually no heat, when compared to halogen and xenon sources. Pro-LED series fixtures are optimized for fast permanent installation. Integral electronic constant current driver is accessible without having to remove the fixture. Features a slim 1 inch profile and modular plug-together design. Clear prismatic tempered glass lens for maximum light transmission, is also reverse angled to minimize perceived brightness. Convenient integral on/off rocker switch. Available in 9, 14, 22, and 30 inch lengths. Nichia 1 watt, 120 volt Warm White LED modules are included. Finish available in black, brushed bronze, brushed silver, or designer white. Utilizes Nichia 1 watt, warm white, 3000K. UL listed. Suitable for damp locations. Dimmable with most incandescent, magnetic low voltage or electronic low voltage wall box dimmers (see attached manufacturer dimmer compatibility reference).
