Monorail 12V Straight Kit 300W Remote Magnetic

By PureEdge Lighting

Description

The Monorail 12 Volt Straight Kit is available in a an 8 or 12 foot length in a Satin Nickel finish. Kit includes a 300 watt 12 volt remote magnetic transformer, 4 inch round single feed power canopy, straight run of Monorail, 1 inch standoffs for every three feet of rail, and two pairs of end caps. Remote transformer needs to be located in an accessible area in close proximity to the power feed canopy. Fast acting circuit breaker on 12 volt side of transformer will shut the system off in case of overload or short and can be easily reset. Note: Fast Jack 12 volt pendants and heads available, sold separately. Dimmable with a 600 watt low voltage magnetic dimmer. LIMITED QUANTITIES AVAILABLE
