

BRAND PureEdge Lighting

DESCRIPTION

Soft Strip 2.4W (SS3) 12V is ideal for inside cabinets, wine cellars, steps, behind mirrors, handrails, inside drawers, niches, and toe kick application. SS3 uses 2.4 watts of LED per foot, with 2540K color temperature, and 65-70 CRI. It is a flexible copper strip that is less than .5 inch wide with an optically clear protective coating. It is available in a 16 foot length with easy plug-in connectors on each end to join sections together. Custom lengths can be made either by joining small segments together or easily trimming the soft strip with scissors. Once trimmed, no additional segments may be added. Plug-in flexible connectors are available for making turns and custom configurations. Easy to install, the SS3 features 3M sticky back tape on back of the strip, or may be installed with screw-in mounting clips, sold separately. A PSB-60W-ELV-12VDC power supply is required, sold separately. Dimmable with a low voltage electronic dimmer (recommended Lutron Diva DVELV-300P, Lutron Skylark SELV-300P, or Lutron Maestro MAELV-600). Rated for indoor applications. SS3 includes a flexible aluminum heat sink. Maximum length before re-feeding is 25 feet. ETL listed.
