Calculite C4L10 4 Inch LED Downlight Trim

By Lightolier by Signify

Description

C4L10 Calculite 4.5 inch Round LED Downlight Light Engine and Trim provides a 50 degree visual cutoff to the source and source image. Integral LED board provides 20 watts of light, 4000K color temperature, 1000 lumens. 50,000 hour lamp life at 70 percent lumen maintenance. Trim options available in White with White painted trim, Comfort Champagne Bronze with White painted trim, or Comfort Clear Diffuse with White painted trim. Trim attaches to the frame-in kit via push-in connector on frame. The removable cover provides access. Patented remote phosphor technology provides increased efficiency and color stability. The phosphor lens assembly positioned in front of the LEDs converts blue light to white, and produces a wide even pattern of diffused light. See attached spec sheet for dimmer compatibility. For use with C4L10 20 watt frame-in kit, sold separately. A complete fixture consists of a frame-in kit, light engine and trim kit.
