Lightology

Premium Xenon Under Cabinet Light Bar

SPEC # WAC55143

BRAND WAC Lighting

DESCRIPTION

The Premium Xenon Under Cabinet Light Bar is ideal for use with wood cabinets, desks, shelves, and bookcases. Available in Bronze, Satin Nickel, or White with Frosted borosilicate glass lenses and individual reflectors for true white light that can be dimmed with standard incandescent dimmers. No transformer required. The low profile body style fits into most niches. Features a high-low-off switch and includes one I connector for direct-end-to-end use. Supplied with all mounting hardware and one BX/non-metallic sheathed cable adapter for installation convenience. 20 watt 120 volt G8 base xenon bulbs are included. Downward light distribution. 6/12/18/24/36 inch width x 3.13 inch height x 1 inch depth. UL listed.
