DESCRIPTION

The three Fairy pendant shapes were originally designed by Toso, Massari & Associates in 2009 and then updated in 2017. The simple yet clever design is made from a simple borosilicate crystal shape that fold into itself to create a beautiful ribbed core. This creates a dazzling lighting effect that is extenuated by the metallic finishes. The Fairy Pendants may be grouped in to larger group configurations that can be hung either concentrically or asymmetrically. ETL Listed.
