

Rotary 5E Fully Variable On /Off Fan Control

SPEC #

LUT5921

BRAND

Lutron

DESCRIPTION

Rotary fully variable on/off fan speed controls are single pole, 5 amps, with factory set or user adjustable minimum speed. To be used for one or more ceiling paddle or exhaust fans. Do not mix fan types on one control. Derating is required if ganged. User adjustable control can be wired as a combination fan speed control/360-watt incandescent light switch. Available in gloss white or ivory finish only. Matching fassada traditional wall plates sold separately. Replacement knob also sold separately. UL and CSA listed. Made in the USA.
