

BRAND Matthews Fan Company

DESCRIPTION

Michelle Parede wall mounted fan can be infinitely positioned vertically and horizontally across 180 degree arcs to provide maximum directional airflow. It can be mounted in small, awkward spaces or in front of HVAC ducts to make more efficient the heating, ventilation, or air conditioning of any room. Constructed of cast aluminum, heavy spun and stamped steel. Carries a limited lifetime warranty. Finish available in polished chrome, brushed nickel, polished copper, bronze or black. Also available in white, brushed copper, polished brass, brushed brass, black nickel, and bronzette as a special order. Airflow is 2,497 cubic feet per minute and uses 109 watts. Airflow efficiency is 23 cubic feet per minute per watt. Control sold separately. UL listed.
