Bryce Linear Chandelier

By Michael McHale Designs

Description

These beautiful Bryce-edition chandeliers feature hand-milled aluminum components which abstract traditional pipe fittings. Linear Chandelier features four, five, six, seven, or eight bulbs in a straight-line, flanked by curtains of Bohemian clear crystal hanging from taugt steel pipe rails. Anodized aluminum finish. Cross-hatched translucent tubing contains the electrical cord, and will either be in the middle of the piece or off-center (depending upon whether the total number of bulbs is an odd or even number), allowing for a variety of hanging possibilities. Fixture requires four 15 watt 120 volt incandescent bulbs included. Also available in 5, 6 or 7 bulb versions and with color crystals. Adjustable cord up to 40 inches. 25 inch L x 4.5 inch W.
