DESCRIPTION

Calabash is a unique handcrafted pendant created under the same conditions as i.e. handblown glass and handmade ceramics. The aluminium shade is carefully shaped by hand using different tools. Afterwards the shade goes through a comprehensive 4-step lacquering process, which is exclusively carried out by hand. The slightly hangeable chrome surface cannot in any way be compared with a chrome plating, which is an industrial electrochemical process that delivers a completely uniform surface. The Calabash surface, on the other hand, is 100% handcraft and every single pendant is unique. Available in aluminum w/ reflective gold chrome and silver chrome finishes and two sizes: 6.25 and 8.75 inches diameter. Comes with 236 inches of black cable. One 15 or 30 watt medium base incandescent bulb not included. UL listed.
