ISO Freejack Head

By Visual Comfort Architectural

Description

Freejack LED ISO 50 Degree 2700K 80CRI is a 16 watt 850 plus lumen directional LED head available in Satin Nickel or White finish. The LED is easy to field replace and upgrade due to the solderless connector. The heat sink remains with the fixture minimizing any waste at the end of the lamp module's life. Head rotates 360 degrees and pivots 90 degrees. Integrated lens holder accommodates one lens or louver sold separately. Available in a 30 and 20 degree beam spread with 2700K color temperature 80CRI color rendering, 50, 30 and 20 degree beam spread with 3000K color temperature 90CRI color rendering, and 50, 30 and 20 degree beam spread with 3000K color temperature 80CRI color rendering. ETL listed. As a general rule when using the ISO head, it is not recommended using greater than 33 percent of the maximum wattage specified for the low voltage transformer due to the in-rush current requirements.

Specifications

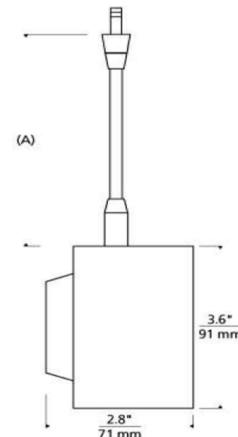

SHADE COLOR	N/A
BODY FINISH	Satin Nickel
WATTAGE	16W
DIMMER	Dimmable
DIMENSIONS	3.6"W x 3"H x 2.8"D
INTEGRATED LED MODULE	1 x LED/16W/12V LED

Technical Information
