no transformer CTL816 Short Gimbal Track Head

By ConTech

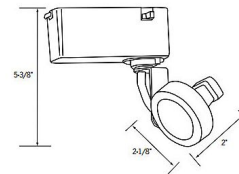

Description

CTL816 Short Gimbal Track Head is designed for 12 volt MR16 halogen lamps and feature a Sure-Set yoke design to provide accurate aiming and hold the fixture in position without unsightly knobs. Must be used with LA2050N transformer sold separately. Fixture will allow up to two lenses maximum. Equipped with an on off switch and polarity indicator. One 50 watt 12 volt MR16 lamp not included. For use as a monopoint use LA1816 canopy sold separately.

CTL816
no transformer
