

DESIGNER Ron Rezek
BRAND Modern Fan Co.

DESCRIPTION

The Stratos Ceiling Fan was the first truly modern ceiling fan without any reference to Victorian-era design. A column-like support is used in place of the typical downrod used in other ceiling fans. This virtually eliminates wobble, while the patented rotor design ends balance problems. Available with a Gloss White or Brushed Nickel motor with White, Aluminum, or Maple blades. Available in two sizes. 42/52 inch width x 17.5 inch height. Includes handheld remote with 3 speed settings and a wall-hanging bracket. UL listed for damp locations.
