

Description

Lyra 60 and 120 linear suspension series is constructed of extruded aluminum alloy in satin aluminum, black or white finishes. Combining T5 fluorescent for general lighting, and MR16 halogen lamps for accent lighting, it is ideal for application in offices, hallways, retail, conference rooms, kitchens or contemporary dining. White diffusers soften fluorescent lights and diffusing lenses with eggcrate louvers prevent glare from MR16 lights. MR16 lamp holders are adjustable on the vertical and horizontal axes. Lyra includes 58" of field-adjustable mounting cable and the clear electrical cable is capable for separate switching between fluorescent and halogen sources. The MR16 halogen lamps are dimmable.

Diffuser

White

Body Finish

Satin Aluminum, Black or White

Lamp Specification

Halogen & Fluorescent: Lamps included

60 3x50 Watt MR16 GU5.3 + 2x54 Watt Type T5HO/MINI-BIPIN, 3500K
 120 6x50 Watt MR16 GU5.3 + 4x54 Watt Type T5HO/MINI-BIPIN, 3500K

Total Wattage

60 258W
 120 516W

Dimmer

Halogen Low Voltage Electronic
 Fluorescent Electronic Ballast; not dimmable

Weight

60 13 lbs (6kg)
 120 24 lbs (11kg)
