

**Description:** TruLine .5A, a versatile 24VDC linear plaster-in LED system, creates glare-free, indoor architectural lighting. The system recesses into 5/8 inch thick drywall without joist modification. May be secured to studs that are spaced 13 – 24 inches apart, or between studs with mounting clips provided. TruLine .5A is sold in 1 foot increments up to 40 feet (2WDC, white LEDs only), 20 feet (5WDC, white, 2K4K or RGB LEDs) or 16 feet (6WDC, RGBW) and may be field-cut to any length. Several color temperature options are available, including 24K – 57K (ELV/010), Warm Dim (ELV), Tunable White (ELV/010/DMX), RGB and RGBW (DMX). High CRI commercial-grade white or dynamic color-changing LED Soft Strip projects a clean line of light. Coordinate installation with electrician and drywall contractors. Includes a 5-year pro-rated warranty.

**Design Note:** TruLine .5A can be installed on a single surface (wall or ceiling), on multiple planes that join runs from wall to ceiling, or from one wall to an adjacent wall. Use TruLine .5A Build-It-Yourself (BIY) with Pre-Formed Components to create desired configurations including Picture Frame Miter and Room Wrapping installations. Create rectangle or square installations using TruQuad .5A.

**Applications:** Indoor damp or dry locations only. General illumination and architectural accent for kitchens, offices, hospitality, retail, residences, libraries, hallways, and bath/vanity.

Lamp: The average LED Life is 50,000 hours

# Remote Power Supplies\*, Dimmers & Controls (Sold Separately):

- Electronic Low Voltage Dimming (ELV)
- 0-10 Volt Dimming (0-10V)
- Dynamic Color Changing (DMX)

\*In-Wall Mounting Kits available for select power supplies

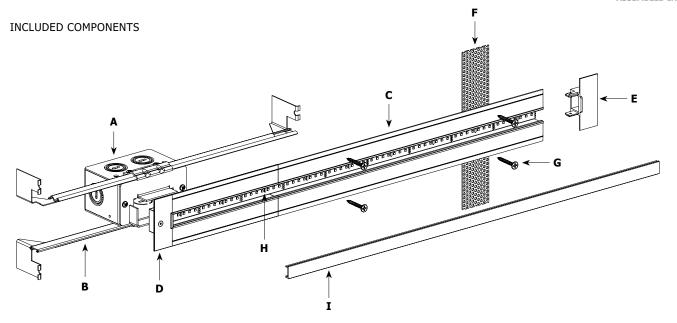

Included Components: Junction Box, Adjustable Mounting Bars, TruLine .5A Channel(s), End Cap, Take-Up Box, Mounting Straps, Drywall Screws, LED Soft Strip, and Lens(es)

- **A. Junction Box:** Mounts behind drywall with Adjustable Mounting Bars. Low voltage 24VDC wires from remote power supply connect to LED wires inside box. Junction Box opening is covered by channel. Required at the beginning of each run and necessary to rough-in electrical before TruLine installation. Junction Box is also included with each TruLine channel order.
- **B. Adjustable Mounting Bars:** Provide flexibility for mounting in a variety of spaces and orientations. May be secured to studs that are spaced 13 24 inches apart.
- **C. TruLine .5A Channel:** 5/8 inch deep extrusion houses a single row of commercial-grade white or dynamic color-changing LED Soft Strip.
- **D. End Cap:** Provides a finished look and prevents light leak at feed-end of run where LED Soft Strip enters channel.

- **E. Take-Up Box:** Prevents dark spots at end of run by tucking excess LED Soft Strip safely behind wall.
- **F. Mounting Strap:** Secures channel to drywall when wall stud is unavailable.
- **G. Drywall Screw:** Secures channel to drywall and stud.
- **H. LED Soft Strip:** Commercial grade white or dynamic color-changing LED Soft Strip.
- **I. Lens:** 0.5 inch wide diffuser lens projects a clean line of light without LED dots.

#### **Rough-In Component**

**Junction Box:** One Junction Box is included with TruLine .5A. Order additional Junction Box separately to rough-in electrical wiring before drywall installation. Quick shipment available.
