

LOW - VOLTAGE PENDANTS

Mini Artic Pendant

DESCRIPTION

A sculptural metal frame whose arms elegantly represent the path the light is taking is surrounded by a modern, high-gloss, semi-translucent shade which allows light to playfully bounce around the fixture and enables just a hint of the light source itself to shine through. Includes low-voltage 35 watt halogen MR16 lamp or 7.5 watt replaceable 95 CRI 3000K LED MR16 lamp and six feet of field-cutable Suspension cable. Works with SORAA.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. For use on T~TRAK, order FreeJack version and T~TRAK FreeJack Connector (sold separately).
