Design With Light Contest Winners Announced

L to R: Chad Bristow and Derek Porter of Derek Porter Studio

Lightology celebrated the end of our first -ever **Design With Light** contest on October 7 by hosting an incredibly successful Lutron Radio RA2 seminar and rooftop garden reception! Over 200 people came to find out which of our 13 finalists earned the Grand Prize and People's Choice Awards.

Judges Mitch Obstfeld, Richard Wright and David Parker selected "Taut" (shown above) from Derek Porter Studio as the Grand Prize Winner!

The Lightology facebook page hosted online voting to select a People's Choice Winner, and "Sparkle Globe" (below), designed by Sepp Spenlinhauer and Brian Fassett, earned the popular vote.

Congratulations to our winners! Visit and fan our facebook page to see photos from the event!
