Designer Photo Contest Winners

Last month, we asked you to send us photos of your designs that included Lightology fixtures for a chance to win up to a \$250 Lightology Gift Card.

Ninety-something photos and thousands of votes later, two winners stand out above the rest. Karin Edwards Interiors won the People's Vote on our Facebook page with 122 votes for her Master Bathroom design while Fry Gillan Molinaro Architects got our vote for their transformation of a worn-down shed into a lighting designers dream.

People's Choice Winner: Karin Edwards Interiors

While finding ways to merge real life (i.e. crawling babies, energetic puppies) with elegant design, Karin Edwards took her experience home, creating a functional yet elegant master bath for herself and the rest of her family – kitten included! Using the [Fall Chandelier](#) from Evi Style and the [Tulip Wall Sconce](#) from Vibia, Edwards, in her own words, created a "powerful vista" with a design that is obviously enjoyed by many! Lightology Winner: Frye Gillan Molinaro Architects

Lonn Frye and AJ Rosales of Frye Gillan Molinaro Architects transformed a "non-descript, uninspired shed in the woods into something with a strong identity". By incorporating [LED Soft Strip](#) and [Alpha Wall Sconces](#) from Edge Lighting and the [Random Chandelier](#) from Moooi, the team was able to create a modern retreat with dramatic, layered lighting design.

How To: Properly Illuminate the Bathroom

Bathroom Lighting can get technical – but that doesn't mean it has to lack glamour, style and great design.

We've found a multitude of ways to properly light a bathroom while using fresh design techniques and stylish fixtures.
