DESCRIPTION

Tank 3 Multi Pendant is offered as a pre-configured cluster. Each cluster is a grouping of pendant lights made from re-purposed fire extinguisher tanks. Lights are finished with high gloss automotive paint in a range of colors selected by manufacturer, all with a white painted interior. Each cluster is suspended from a round canopy finished with Silver powdercoating. The lights are made from recycled reclaimed materials, so their exact size and shape varies. The image is a representation of the basic form, but does not represent the actual fixture. Three 4.5 watt 120 volt 2700K, 310 lumens candelabra base LED bulbs are included. Canopy: 9.5 inch diameter x 1 inch height and includes three 4 inch diameter fixtures ranging in height from 5 to 10 inches, selected by the manufacturer.

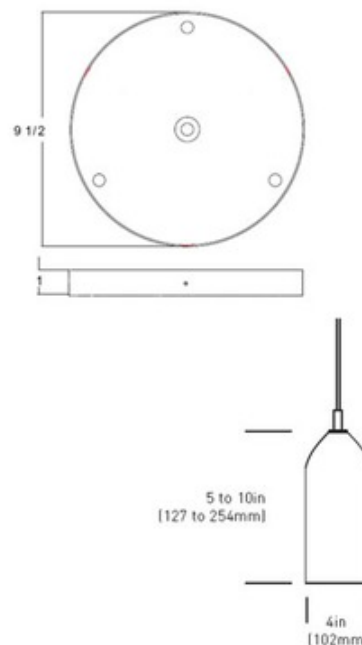

Shown in: Silver
