

JK 780 Wall Light

Designer: Francesco Rota

Description:

JK 780 Wall Light designed by Francesco Rota, features direct and indirect light with a reflector in lacquered metal White or Black. It provides light through space itself. Its stretched out oval shape, elegantly embossed, reminds of and recreates in some ways well-known late '80s models, diffusing brightness and sometimes even color from inside. One 150 watt, 120 volt T3 R7s base halogen bulb is required, but not included. UL listed. CE listed. 11.42 inch width x 3.15 inch height x 5.51 inch depth.

Shown in: Aluminum / White

List Price: \$771.43
Our Price: \$540.00
