

# RTH Recessed Track Housing System

**Description:**

Recessed track housing system is designed for use with 1-circuit or 2-circuit ConTech track. The extruded aluminum housing is mounted into the ceiling cavity which allows for flush installation of the track system to any style of ceiling. All mounting hardware is provided for installation finishing to drywall or suspended ceilings. Spacers are supplied with RTH-4 and RTH-8 to adjust for thickness of 1-circuit or 2-circuit track. All finishing surfaces are White enamel. Each section of the track has a groove incised length-wise into the exposed underside of the track indicating the positive terminal. All connectors and fixture adapters also have an arrow or designation on their connecting ends indicating their positive terminal. Track, connectors and fixture adapters are designed to fit together easily when polarities are correctly aligned. Housing available for 4 foot track section with actual size 44.25 inch length x 2.75 inch width x 1.5 inch height and 8 foot section with actual size 92.5 inch length x 2.75 inch width x 1.5 inch height.
