

# T-Trak Adjustable Standoff with Isolating Connector

**Description:**

Adjustable standoff with isolating connector is used to join sections of track together end to end while supporting the system and isolate multiple circuits on one continuous run. A wire grip allows you to easily shorten or lengthen the cable to size it for use. Adjustable standoffs are not recommended on curvy runs or runs with heavy heads such as die cast ceramic metal halide heads. Finish in Satin Nickel or White. ETL listed. Available in 12 or 30 foot lengths.

Shown in: Satin Nickel
