

Quiet Exhaust Fan 110 with light

Description:

FQ Series quiet fan lights feature a 120 volts 60hz motor with thermal overload protection. A rugged galvanized metal housing with a 4 inch duct diameter, integrated backdraft damper and adjustable hanger bars - between 16 to 24 inch on center studs. A white polymeric grill with frosted lens attaches to the housing with torsion springs. 30 watt power consumption on the motor, 1.3 Sones, 110 airflow (CFM) at .01sp for 110 sq ft room. UL listed for use over tub and shower enclosures when installed with GFCI branch circuit wiring and for use in insulated ceilings. The Home Ventilating Institute has tested and certified airflow performance and sound levels of these products. California Title 24 compliant. Meets standard of Washington State Ventilation and Indoor Air Quality Code. 11 inch wide x 11.875 inch long x 8.5 inch height into ceiling
