DESCRIPTION

Nelson Bubble Lamps designed by George Nelson produced by Herman Miller. The George Nelson Bubble Lamp Cigar Wall Sconce is constructed with a 2 inch thick solid walnut wall mount and a Brushed Nickel steel arm. Shade is a taut White plastic coating over a steel wire frame. The arm has a swivel hinge and an adjustable 12-foot plug-in cord with a counterweight that allows for height adjustments. This clever design allows one to adjust the sconce from left-to-right and up-and-down without having to change its position on the wall.
