

IL336 In Ground Composite Wellyte

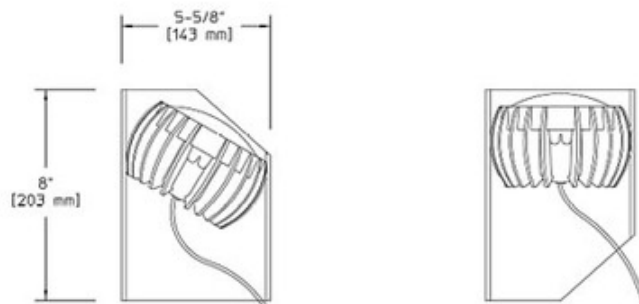

Description:

In-Ground Wellyte is made of a single piece of PVC tube in Black finish. Straight cut end allows flush ground mounting. Angled cut end requires the top installed 3 inches above ground for maximum vertical spot aiming with shielding being provided on three sides. Durable silicone rubber lamp holder has integral fins to allow the height and angle of the lamp to be adjusted without any mechanical moving parts. Fixture offers 360 degree lamp rotation and up to 45 degree off vertical aiming adjustability, restricted only by the cutoff of the housing. 20 Watt 12 Volt PAR36 screw terminal lamp is included with fixture. ETL listed for wet locations. 5.62 inch diameter x 8 inch height. Low voltage quick connector LVC3 is included for easy hook-up to the low voltage supply cable. Low voltage cable sold separately. Accessory lens guard or rock guard may be ordered separately, but are not required. Required transformer, optional mounting accessories sold separately.
