

# Trac-Master Biax Wall Wash Head

**Description:**

Trac-Master Biax Wall Wash Head is a compact fluorescent track fixture that is approximately 3 times more efficient than halogen. Available in White, Silver or Black finish. Available in a TBX18, TBX39 and TBX40 option. TBXE series biax wall wash fixtures provide widespread, uniform illumination for perimeter walls and displays using popular biaxial compact fluorescent lamps. The fixture has a single adapter and can be rotated off-axis from the trac for additional aiming flexibility. Features 90 degree vertical aiming capability and 358 degree rotation. TBX40 has 90 degree vertical aiming capability only. Suitable for ceiling mount applications only. 120 volt 2G11 4-pin high lumen rapid start GE, Philips or Osram Sylvania compact fluorescent bulbs are required, but not included. HPF 120 volt electronic ballast. TBX18: 14.1 inch width x 3.9 inch depth x 7.9 inch height. TBX39: 20.1 inch width x 3.9 inch depth x 7.9 inch height. TBX40: 26.1 inch width x 3.9 inch depth x 7.9 inch height. Rated lamp life of up to 20,000 hours. Optional molded louver can be specified in white, clear-specular, or black finish, sold separately. For use with Juno Lighting 1 and 2 circuit Trac-Master, 1 circuit Trac-Lites, and 1-circuit Recessed line voltage track systems.
