

Remote 600W 12V Dual Feed Magnetic Transformer

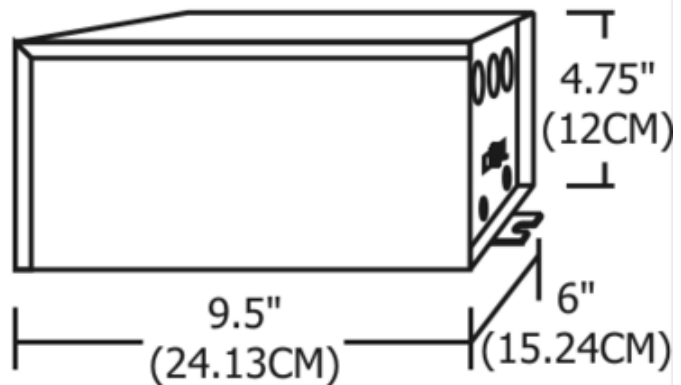

Description:

600 Watt Remote Dual Feed Magnetic Transformer converts line voltage input to low voltage 12 volt output for powering Monorail, Kable Lite or Fast Jack low voltage lighting systems. Includes two isolated 300 watt runs using 12 volt lamps. The remote transformer must be installed in an accessible location (such as an attic or in a closet), and it is best to keep transformer within 20 feet of the power feed/junction box to prevent voltage drop. Protected by fast acting secondary circuit breaker. Dual power feed or power feed canopy required, sold separately. Dimmable using a 1000 watt magnetic low voltage dimmer, sold separately. Some buzzing may occur at low levels and may be reduced with a de-buzzing coil, sold separately. 12 volt magnetic transformers are LED compatible with 12 volt AC LEDs. ETL listed. 6 inch width x 9.5 inch length x 4.75 inch height.

Shown in: Black

List Price: \$203.00
 Our Price: \$121.80

Shade Color: N/A
 Body Finish: Black
 Lamp: 1 x 600W Halogen
 Wattage: 600W
 Dimmer: Low Voltage Magnetic
 Dimensions: 9.5"L x 4.75"H x 6"W
