

# PN3MR 3 inch Non-IC New Construction Airtight Housing

**Description:**

PN3MR 3 inch Non-IC Air-Tight new construction housing is a specification grade residential housing that accepts low voltage MR16 lamps. Air-Tight to prevent energy loss, room drafts, dust marks on ceiling, and reduce sound transmission. Insulation must be kept 3 inches away from side and top of the housing. Transformer included. A complete fixture requires a platform (housing) and 3 inch optical element (trim), sold separately. UL listed. Damp location listed. IBEW union made. Lamp ratings based on trim selected, sold separately.

Shown in: Aluminum / Grey
