

Lane Halogen Wall Sconce

Designer: Alfredo Haberli

Description:

Lane wall sconce features a white, aluminum or polished finish. Lane fixture is a strip made of aluminum which incorporates and at the same time releases a pleasant indirect light, upward and downward on the wall. Extremely neat and essential in its shape, Lane is designed with different lengths according to the light source. Available in an 8 inch halogen option as well as a 37, 49 and 61 inch size option. Also available in a wall version with integrated acoustic diffusion system or with two LED spots for direct light for reading. One 150, 120 volt, T3 R7s base halogen lamp not included. Indirect upward/downward light distribution. c/UL listed. 8.66W x 3.14H x 3.54 inch depth.
