

**BRAND**

Lutron

**DESCRIPTION**

Skylark 1000 watts incandescent 3-way preset dimmers with on/off switch. Rocker switch turns lights on/off. Move the slider up to brighten lights, down to dim them. Models available without rocker switch; simply slide up to turn lights on/brighten, slide down to dim them, turn them off. Available in white. Matching wall plates sold separately. For 3 way switching, use with claro or other mechanical switches. UL and CSA listed.
