

Skylark Contour CFL LED Single Pole/ 3-Way Dimmer

Description:

Skylark Contour 150W CFL/ LED or 600W incandescent/ halogen single pole / 3-way dimmer. Works with dimmable CFLs, dimmable LEDs, halogen and incandescent bulbs. Available in white, almond and light almond color. The Skylark Contour C L CFL/LED dimmer offers more reliable dimming performance over standard dimmers when dimming CFLs and LEDs. By incorporating HED Technology, these dimmers improve the dimming performance of dimmable CFLs and LEDs compared to standard dimmers by: 1) keeping the lights on as they are dimmed. 2) making sure the lights turn on at all light levels eliminating/ reducing excessive flicker. 3) keeping the lights on even with line voltage fluctuations. Adjustment dial allows dimmer to accommodate a broad range of dimmable bulbs. Single-pole, 3-way dimmer control type. Maxium capacity is 150W CFL/LED or 600W incandescent/halogen 120V. UL listed to work with an extensive list of dimmable CFL and LED bulbs. For a list of compatible bulbs go to www.lutron.com/dimcflled.
