Description:

Berenice floor is the original Italian design of this classic fixture. Body finish available in black or silver. Reflector required, and sold separately in green, blue, silver or black. Built-in transformer allows current to reach the bulb through the rods without an electrical cable, leaving the figure slender and elegant. A special distancer fitted into the lower part of the lamp head allows close positioning of the light while maintaining a safe distance from objects being illuminated. Available in a floor lamp and table lamp version. One 35 watt, 12 volt, JC GY6.35 base halogen lamp included. Directional light distribution. Made in Italy. 6W x 31H with 12 inch arm extension.
